AFFILIATE MEMBERSHIP

Hapkido West offers affiliate membership to independent Hapkido schools and martial arts programs that wish to support our mission, benefit from our programs and resources, or adopt our rank and certification standards. Please recognize that Hapkido West has no interest in empire-building, or in dictating how a school should conduct its business. Our primary reason for offering affiliate membership is to provide leadership, build goodwill and fellowship, improve educational standards, and encourage other organizations to act in ways that benefit their communities and Hapkido as a whole. If your school is accepted as an affiliate of Hapkido West, you will be entitled to utilize our resources and participate in our classes and programs, as outlined below.

Cost: \$300 per year (covers 12 months)

Affiliate Members will Receive:

- Reduced rate on special classes and seminars, if a school wishes to host Hapkido West instructor(s) or Master Tedeschi.

Please note the following: Hapkido West does not sanction or endorse the professional practices of any martial arts school, or certify their expertise or compliance, unless the school's head instructor has been specifically certified by us. Such certifications, or the absence of them, are noted on a school's annual certificate. Information on Hapkido West's rank certification policy is outlined in attached literature.
